About Me

Motivated and resourceful third-year Computer Engineering student with a strong passion for web development and design. Aspiring to secure an internship opportunity in web development to further enhance technical skills and contribute to innovative projects. With a proven track record of leadership and event organization, combined with creative design abilities, I am eager to apply my diverse skill set in a dynamic and collaborative work environment.

Leadership & Event Experience

- Made a Smart Home Model For College, Which is based On Internet Of Things and in-corporates auto-door opening in presence motion, lights on/off according to natural light presence and garage door opening when detect car.
- Led multiple successful events like, PRAKARSH-2023 as a Decoration Head , PRAKARSH-2022 as a Decoration Co-Head at SVIT
- Leveraged strong communication skills to collaborate with team members, sponsors, and participants effectively
- Demonstrated adaptability and problem-solving abilities in high-pressure event situations.

Additional Skills

- Exceptional drawing and design skills, enabling me to create visually appealing and engaging user interfaces.
- Enthusiastic and fast learner, with the ability to quickly grasp new technologies and programming concepts.
- Strong teamwork and collaboration skills, fostering a positive and creative work environment.

Achievements

- **Awarded for exemplary leadership and creativity as Decoration Head in PRAKARSH-2023.**
- **Earned a Silver Medal in Kho Kho**, showcasing dedication and teamwork in competitive sports, 2023.

Certifications

- **Certified Volunteer in the Decoration Team for VISION XI, 2021**.Collaborated with a team to design and execute creative decorations, contributing to the success of the event.
- **Certified Volunteer in an IoT Workshop, 2023**.Gained hands-on experience with Internet of Things (IoT) technologies, showcasing a commitment to continuous learning and technological advancements.
- **Volunteer in the Hackclub Logistics Team, 2022**.Assisted in organizing logistics and ensuring the smooth functioning of hackathon events, demonstrating strong organizational and problem-solving skills.
- **Ambassador at Footprint Organized by MSU, 2022**.Represented and promoted the event, engaging with attendees and fostering a positive and inclusive atmosphere.
- **Web 3 Workshop Certificate, 2023.**
  Description:
- The Web 3 Workshop is an intensive and comprehensive program that offers participants an in-depth understanding of the rapidly evolving world of Web 3.0 and its fundamental technologies.
- Throughout the workshop, participants delve into the key pillars of Web 3.0, including blockchain technology, smart contracts, decentralized storage, and identity management. Starting with an overview of blockchain fundamentals, attendees gain insights into the underlying principles of distributed ledger systems, consensus mechanisms, and immutability.
